

FROM DESIGN TO CONSTRUCTION

Dynamic Concepts Inc. is a prominent construction company in Barbados, known for providing innovative building solutions to both residential and commercial clients. We are committed to delivering high-quality projects that exceed client expectations and contribute to sustainable development. We are looking for a motivated and hardworking **Construction Foreman** to join our dynamic team.

CONSTRUCTION FOREMAN

The Foreman is responsible for supervising and coordinating construction or industrial activities to ensure that projects are completed safely, efficiently, and according to specifications. They will oversee crews, enforce safety regulations, and ensure quality control, while working closely with senior management to meet project goals.

Key Responsibilities:

- **Project Planning:** Collaborate with senior management and project planners to understand project goals, timelines, and requirements.
- **Supervision:** Oversee the work of construction or industrial crews, ensuring they follow safety regulations and adhere to project plans.
- **Quality Control:** Monitor the quality of work performed by the team to ensure it meets the project's standards and specifications.
- **Safety Compliance:** Promote and enforce safety measures and guidelines to maintain a safe working environment for all team members.
- **Resource Management:** Manage labor, equipment, and materials efficiently to meet project goals while staying within budget constraints.
- **Communication:** Maintain clear and regular communication with project management and workers to provide updates on progress and address any issues or concerns.
- **Problem Solving:** Identify and resolve on-site issues and challenges as they arise, independently or in consultation with senior management.
- **Documentation:** Maintain accurate records, including daily reports, equipment logs, and work progress documentation.
- **Training:** Oversee the training and development of workers, helping them acquire necessary skills and knowledge.
- **Equipment Operation:** Operate machinery or equipment as needed, depending on the project's requirements and individual qualifications.

Experience & Qualifications:

- Secondary School diploma or equivalent.
- Proven experience in construction or industrial work, with previous supervisory experience preferred.

- Strong knowledge of construction techniques, tools, and equipment.
- Excellent communication skills and the ability to lead a team.
- In-depth understanding of safety regulations and the ability to enforce them.
- Physical fitness and the ability to work in various weather conditions.
- Strong problem-solving skills and attention to detail.
- Valid driver's license may be required.

Why Join Dynamic Concepts Inc.

- Be part of a dedicated and professional team working on diverse and exciting projects.
- Enjoy a supportive work environment that values your contributions and promotes career growth.
- Access opportunities for professional development and career advancement within a growing company.

How to Apply:

Interested candidates are invited to submit their resume and a cover letter outlining their relevant experience and qualifications to hr@dynamicconceptstinc.com by July 28, 2024. Please include "Foreman Application" in the subject line.

We thank you for your interest in working with Dynamic Concepts Inc. however only shortlisted applicants will be contacted
